**PROPOSED AMENDMENTS FOR SCHEDULED INTERVIEW**

Please find below our proposed amendments to the claims as currently entered incorporating your suggestions. We are providing you these proposed amendments for your review before our scheduled teleconference on July 5, 2006 at 2:00 PM EDT. As you will see, only those claims with proposed amendments are included below for simplicity. Applicants would like to thank you for your time and consideration in this matter.

1. (Currently Amended) An arrangement for configuring system a—devices of a system—by transferring control information defining a user's preferences from a portable controller theretoforeto a system, wherein the portable controller comprises:

memory circuitry arranged to store first control information defining the user's preferences for configuring a first device in association with a first identifier, and second control information defining the user's preferences for configuring a second device in association with a second identifier, and arranged to retrieve the first control information defining the user's preferences for configuring the first device in response to a request including the first identifier, and to retrieve the second control information defining the user's preferences for configuring the second device in response to a request including the second identifier~~and retrieve control information defining the user's preferences for configuring the device;~~ and
